**TABLES, MIRRORS AND SHELVES**

---

Due to the handcrafted nature of our furniture, all dimensions are approximate. We offer furniture fabricated in bronze or stainless steel. We also offer three tables in cast bronze.

The metal furniture is divided into two categories — cast and fabricated. The cast bronze pieces are made using the lost wax process; a centuries old process in which the wax positive is melted away and molten bronze is poured into the mold. The fabricated pieces are made with ¼" thick solid bronze plate or ¼" thick stainless steel plate. The material is precision cut and welded into shape.

**FINISHES**

---

**Standard Patinas for cast and fabricated Bronze Furniture**

ferric	cupric	silver
dark ferric	classic black	

**Brushed Bronze**

Brushed bronze is available on fabricated pieces, please see price list.  
The brushed bronze pieces include a clear lacquer finish.

**Polished Bronze**

Polished bronze is available on fabricated pieces, please see price list.  
A clear lacquer finish is available on polished bronze for an upcharge.

**Brushed Stainless**

Many of our tables can be fabricated in brushed stainless steel, please see price list.

**Polished Stainless Steel**

A polished finish is available on fabricated stainless steel pieces, please see price list.

Additional Swarovski® colors may be available, please inquire.

## **LIBRARY SHELVES**

---

Available in three woods with any standard finish:

Claro Walnut

Zebrawood

Quartered Ash

Custom wood and finishes available, please request quote.

Brass hardware is available in any of the standard bronze patina finishes.

## **UPHOLSTERED FURNITURE**

---

Due to the handcrafted nature of our furniture, all dimensions are approximate.

The upholstered furniture is entirely bench made. The frames, made in-house, are hardwood, which is glued, screwed and doweled to ensure longevity. All decks are eight-way, hand tied, coil springs over jute webbing. Armchairs and sofas have spring edge decks. The sizes of the wooden feet are adjusted to compensate for the thickness of the fabric so that the set back is consistent. A single craftsman upholsters each piece so that a consistency of shape is always maintained.

## **WOOD FINISHES**

---

### **STANDARD FINISHES**
